### If you want to . . .

**Complete assessments using RAI-MDS 2.0**  
(including roles such as RAI assessors, coordinators, educators, leads)

1. **727E — Getting Started With interRAI Assessments**  
   *Course type: eLearning*  
   *Duration: 30 min*

2. **972E — RAI-MDS 2.0: Beginners — Completing the Assessment**  
   *Course type: Workshop*  
   *Duration: 1 day*

3. **RAI-MDS 2.0 for Assessors**  
   - **948E — Practice Videos: Assessing Physical Function**  
     *Course type: eLearning*  
     *Duration: 2 h*
   - **997E — Clinical Management**  
     *Course type: Web conf. (recorded)*  
     *Duration: 1 h*
   - **998E — Cognitive/Mental Health/Quality of Life**  
     *Course type: Web conf. (recorded)*  
     *Duration: 1 h*
   - **1008E — Formal Services**  
     *Course type: Web conf. (recorded)*  
     *Duration: 1 h*

4. **908E — RAI-MDS 2.0: Beginners — Outcome Scales and CAPs for Care Planning**  
   *Course type: Web conf.*  
   *Duration: 2.5 h*

5. **RAI-MDS 2.0 Educators Forum (4-part series)**  
   *Course type: Web conf. (recorded)*  
   *Duration: 1 h each*

**Submit data to CIHI**  
(including any role that submits files and reviews submission reports)

1. **727E — Getting Started With interRAI Assessments**  
   *Course type: eLearning*  
   *Duration: 30 min*

2. **568E — Submitting CCRS Data**  
   *Course type: eLearning*  
   *Duration: 2 h*

**Use eReports**  
(including roles such as decision-support analysts, consultants, managers, directors)

1. **727E — Getting Started With interRAI Assessments**  
   *Course type: eLearning*  
   *Duration: 30 min*

2. **895E — Navigating CCRS eReports**  
   *Course type: eLearning*  
   *Duration: 1 h*

3. **18E — Building CCRS eReports**  
   *Course type: Web conf. (restricted access)*  
   *Duration: 2 h*

4. **701E — Introduction to RWPD Reports**  
   *Course type: Web conf.*  
   *Duration: 2.5 h*  
   *Notes: Reports currently available in Ontario only*

**Understand RAI data**  
(including roles such as decision-support analysts, consultants, managers, directors)

1. **727E — Getting Started With interRAI Assessments**  
   *Course type: eLearning*  
   *Duration: 30 min*

2. **1048E — Using Data to Help Prevent Falls**  
   *Course type: Web conf. (recorded)*  
   *Duration: 30 min*

3. **833E — Calculating a Continuing Care Quality Indicator**  
   *Course type: Web conf. (recorded)*  
   *Duration: 1 h*

4. **928E — Using Case Mix to Compare Residential Care Organizations**  
   *Course type: Web conf.*  
   *Duration: 1.5 h*

5. **929E — Using Case Mix to Address Policy and Planning — Residential Care**  
   *Course type: Web conf.*  
   *Duration: 1.5 h*

---

**Notes**

CAP: Clinical Assessment Protocol.  
CCRS: Continuing Care Reporting System.  
RAI-MDS: Resident Assessment Instrument—Minimum Data Set.  
Information collected from the RAI-MDS 2.0 is captured and made available in CCRS.
CIHI Learning and Development • interRAI in Continuing Care

Implementing the interRAI LTCF

If you want to . . . Suggested courses (in recommended order) Course type Duration

Complete assessments using interRAI LTCF (including roles such as RAI assessors, coordinators, educators, leads)

1. interRAI LTCF for Beginners
   816E — Part 1: Introduction to the Assessment
   669E — Part 2: Coding the Assessment
   819E — Part 3: Outcome Scales and CAPs for Care Planning
   Web conf. 2 h
   Workshop 1 day
   Web conf. 2.5 h

Transition from completing the RAI-MDS 2.0 to the interRAI LTCF

1. 1052E — Transitioning to interRAI LTCF
   Also, visit CIHI’s Learning Centre for the job aid interRAI LTCF — What’s Different
   Workshop 1 day

Notes

Are you a clinical educator who teaches using the interRAI LTCF?

Visit CIHI’s Learning Centre to access special resources for interRAI LTCF training.

More support using interRAI standards and CCRS

If you want to . . . Suggested courses (in recommended order) Course type Duration

Improve health system performance (including roles such as decision-support managers, health policy planners, quality directors)

1. 1044E — Step-by-Step Guide to Using Indicators
   eLearning 30 min
2. 1019E — Getting the Most Out of YHS: In Depth
   eLearning 30 min
3. Senior’s Health Care
   910E — Part 1: Setting Context and Prioritizing Improvements
   Web conf. (recorded) 2 h
   911E — Part 2: Digging Into Data to Diagnose and Evaluate
   Web conf. (recorded) 2 h
   912E — Part 3: Actioning Data to Drive Improvements
   Web conf. (recorded) 2 h

Note
YHS: Your Health System (CIHI web tool).

Discover CIHI’s interRAI Implementation Toolkit

www.cihi.ca/en/interrai-implementation-toolkit

This toolkit is a collection of practical resources that your health care organization can use when implementing an interRAI assessment system.

What you’ll find in each section:
- Suggested activities to help you move forward
- Ideas on how to achieve your objectives
- Links to useful resources

CIHI pages for continuing care and residential care

www.cihi.ca/en/continuing-care
www.cihi.ca/en/residential-care

What you’ll find on these web pages:
- Specific resources for interRAI assessors and educators, including job aids and links to manuals and forms
- Information about CCRS data sources, reports and analyses
- A library of related content and videos
