FAQ

What are Core Plan Entitlements?
If your organization is a member of Core Plan then the cart will also indicate the quantity of each item to which your organization is entitled at no charge. So long as the quantity you request is less than or equal to the quantity to which you are entitled, you will not be charged for that item. If the quantity you request exceeds your entitlement, you will only be charged for each unit in excess of your entitlement.

FAQ

Why has the cost of my order changed?
Because your choice of shipping address affects both the taxes you pay and the shipping charges that apply. As well, if you are a Core Plan member, some of your organization's entitlements may have been used since you first added an item to your cart. This screen is your final confirmation of how much your order will cost.
