- Click the course title to open the course description. Then click **disponible en français** to view the French course description or **disponible en anglais** to go back to the English course description.

1084E-Navigating and Using the MIS Standards
[disponible en français](#)

Are you new to the MIS Standards? Do you need a refresher on how to use them?

CIHI publishes the MIS Standards using a document indexing and retrieval tool called document you can browse, search and print -- though you can do that tool

In these short videos and job aids, we'll show you how to find the information you're your task, tag important sections for future reference and even create your own refer

These resources can be used to help you:

- Navigate the MIS Standards
- Choose the right view for your task
- Search efficiently and effectively
- Use record numbers and tags
- Export records
- Print specific sections

Note: You can also find help navigating the MIS Standards in the MIS Standards Qu Group folder along with the Standards.

You'll find a complete list of the course materials in the Knowledge Centre.

Learning type: Resource collection
Available language: • English - Canada (en-CA)

1084F-Navigation dans les Normes SIG
[disponible en anglais](#)

Vous connaissez peu les Normes SIG? Vous avez besoin de réviser leur utilisation?

L'ICIS publie les Normes SIG à l'aide de Folo Views®, un outil de stockage et de récupération d et imprimer -- bien que vous puissiez aussi faire tout ça!

Au moyen de vidéos et d'aide-mémoire, nous vous montrerons comment trouver l'information qu consultation future et même créer vos propres documents de référence

Ces ressources peuvent vous aider à

- Naviguer dans les Normes SIG
- Choisir le mode d'affichage qui vous convient
- Chercher efficacement
- Utiliser les numéros et les marques d'enregistrement
- Exporter des enregistrements
- Imprimer des sections spécifiques

Remarque : Le fichier d'aide pour Normes SIG contient aussi de l'information sur la navigation également les Normes.

Vous trouverez une liste complète du matériel de cours dans le Centre d'information.

Learning type: Resource collection
Available language: • French - Canada (fr-CA)
