

How long are Canadians waiting for priority procedures?

About **4** out of **5** Canadians

have their procedure done within medically acceptable wait times

Benchmarks

Amount of time that clinical evidence shows is appropriate to wait for a procedure.

Note: Data reported for April 1 to September 30, 2014.

Detailed information on wait times in Canada can be accessed via CIHI's Wait Times eTool at waittimes.cihi.ca.
