

How to Use the Knowledge Centre for a Course Session

In CIHI's Learning Centre, each course session has its own Knowledge Centre.

Think of it as the home page for the course session you've enrolled in.

The Knowledge Centre is where you'll find

- The course description;
- The duration of the course;
- A list of the target audiences for the course;
- Any prerequisites you need to complete before taking the course; and
- All materials associated with the course (e.g., handouts, job aids, required/recommended readings).

You'll also find logistical information for completing the course:

Modality	Logistics information
eLearning	Link to the elearning course
Exam	Link to the online exam
Job aid	Link to the PDF file
Self-learning (PDF)	Link to the PDF file
Video conference	Link to the video conference room, as well as the teleconference phone number and password, and the date and time for the course
Web conference (live)	Link to the web conference room, as well as the teleconference phone number and password, and the date and time for the course
Web conference (recorded)	Link to the web conference recording
Workshop	Address, date and time of workshop

To go to the Knowledge Centre for a course, click **Launch** under the course name in My learning plan.

From the Knowledge Centre for a course,

To **launch the course**, click **Launch**.

To see the **date**, **duration** and **other details** about this course session, click .

To view **your status** for this course session, click **To-do**.

To access the **reference materials and resources** available with this course session, click the links in the **Reference Resources** section.

To **complete the final assessment** for the course, click the link to the course assessment in the **Exams** section.

To **give us feedback** to help improve the course, click **CIHI Course Evaluation** in the **Feedback** section.

To view **your certificate** once you've completed the course, click **Certificate**.

To view an **overall record/transcript of your enrolments and current course status**, click **Records/transcript**.

To view **news** about this course session, click **All news**.

To **take personal notes** before, during or after the course that you can save and print, click **Personal notebook**.

To **withdraw** from the course, click **Withdraw enrolment**.
